KIA ORA

At Ngā Kete Mātauranga Pounamu Charitable Trust we believe that people can achieve anything if they are empowered or connected to information that helps them solve problems, motivates and stimulates them. The first step towards positive change needs to occur within. The Trust is an organisation with energy, zest and resources that can support a person on their journey and empower them to succeed with planning, access, navigation and advocacy.

We strive to represent Aroha ki te Tangata - "highest regard for the welfare and wellbeing of mankind." This is embellished by our understanding that everything in life is connected, Ki Uta Ki Tai "from the mountains to the sea."

You are welcome to embrace our service and I am pleased to share that I have a huge measure of confidence and respect for my team in the quality of their provision of all services offered. If we fall short I am equally keen to hear your voice. With your input we will strive for excellence.

If you have any queries regarding our service please do not hesitate in contacting our staff, or myself.

SOUTHERN MĀORI MENTAL HEALTH AND ADDICTION SERVICE

TE WAKA TUHONO

Te Waka Tuhono aims to build cultural resiliency and wellbeing for young Māori aged 14-17 years. Engaging in Māori practices such as Mara Kai, Waka Ama, Waka Toi, Ngahere Hikoi, and Noho Wananga that resource Rangatahi to reduce harm (alcohol and other drug use / impact from others addiction), become more resilient, make better choices and establish strong cultural connections. The service aims to empower our Rangatahi to stand proud in their identity as Māori. Along this journey with Te Waka Tuhono they will learn about their culture, their tikanga, and hear kōrero from our Kaumātua on the ways of our Tupuna. When our young people are confident in their culture and identity they will thrive.

How Does It Work?

Following a pōwhiri process, Rangatahi will go on a camp. Included is a range of ongoing learning experiences in a Marae and classroom setting, with referral to specialist counselling interventions as required.

For all referrals to Te Waka Tuhono:

Referrals accepted from whānau, schools, community and Rangatahi.

RESTORATIVE JUSTICE

Restorative Justice conferences are directed by judges. At a conference the victim and offender (as well as support people) will sit down together with specialist facilitators to discuss the offence. The victim has the opportunity to tell an offender how they have been affected, have a say in how the harm can be repaired and begin to resolve some of the effects of the offence. Offenders have the opportunity to apologise to the victim and take responsibility for their actions.

Restorative Justice puts the people most affected by crime at the heart of the justice system. Once a conference has taken place, the facilitator then sends a report to the judge, which is taken into account during sentencing.

Offenders are referred to Restorative Justice directly from Court by a judge. The offender must have pleaded guilty to the offence.

**PARTICIPATION FOR ALL
PARTIES (VICTIM AND
OFFENDER) IS
VOLUNTARY AND THOSE
INVOLVED CAN
WITHDRAW AT ANY TIME.**

TE PAE ORANGA

Te Pae Oranga (Iwi Community Panels) are an alternative resolution process for low-level offenders focusing on education, prevention and accountability. The service is provided by us in partnership with Police, local iwi and the wider community. At the hearing, offenders appear in front of a panel of three volunteer community members, which include the ICP co-ordinator, a police officer and, at times, an observer. The purpose of the hearing is to discover the underlying reasons for offending and determine outcomes to address these - we want to affect long-term social and behavioural change to reduce offending. Outcomes can include reparation, apology letters, voluntary work, and educational courses.

Police can refer a participant to the ICP if they are 17-years or over and the participant accepts the Police summary of facts. All referrals from Police.
